

How to Use your Monthly or Annual Subscription Code

1: Select the tutorial you wish to view and click 'Add to Cart'

Urinalysis – Online Vet Nurse CPD

The analysis of urine is an important aspect of veterinary nursing, and results can help the veterinary surgeon greatly in diagnosis and monitoring of disease. This 50 minute online vet nurse CPD will cover all aspects of urinalysis that can be easily performed in house. These include urine dipsticks, specific gravity, sediment analysis, pH monitoring, and protein:creatinine ratios.
